

PUBLIC NOTICE

Maverick Tube LP has applied to the Tennessee Air Pollution Control Division (TAPCD) for a federally enforceable state operating permit to opt out of being subject to the provisions of paragraph 1200-3-9-.02(11) of the Tennessee Air Pollution Control Regulations (also frequently referred to as Title V regulations). Maverick Tube LP. has agreed to be bound by a permit that limits their potential to emit for a hazardous air pollutant and combination air hazardous air pollutants such that they are below the applicability thresholds of 10.0 and 25.0 tons per year, respectively. Maverick Tube LP has agreed to use record keeping methods to prove that they are abiding by more restrictive emission limits. However, it should be noted that this facility has a current state operating permit.

The applicant is Maverick Tube LP Incorporated with a site address of 650 LTV Lane, Counce, TN 38326. They seek to obtain an operating permit for the manufacture of steel tubular (pipe) products.

The TAPCD has made the determination that this facility can be approved to opt out of being subject to Title V regulations if certain conditions are met. A copy of the materials used by the TAPCD in making this determination and a [copy of the draft permit](#) are available for public inspection during normal business hours at the following locations:

Tennessee Department of Environment and Conservation
